PwX Clamp

PwX 1 Bolt Power Clamp

PwX is our most powerful clamp with double band design, suitable for the most demanding applications. Easy and quick assembly with one internal hexagon type of screw, and a swiveling bridge. Gently to the hose with smooth band edges.

Ideal when there is very high pressure or rigid hoses and where a very high clamping force is wanted to prevent any leakage.

Available in zink plate, stainless and acid/seawater resistant stainless steel materials.

Bandwidth 20*1.0 Screw M6*45

PwX 2 Bolt Power Clamp

PwX is our most powerful clamp with double band design, suitable for the most demanding applications. Easy and quick assembly with two internal hexagon type of screw, and a swiveling bridge. This admits that the clamp can be fitted after the hose is connected to the spigot.

Ideal when there is very high pressure or rigid hoses and where a very high clamping force is wanted to prevent any leakage.

Available in zink plate, stainless and acid/seawater resistant stainless steel materials.

CCT House Scandinavia AB

With a long experience in the clamping & connecting industry and cooperations with global actors, CCT House understood that in today's rapid changing market, there was a need of a partner that really could supply the right parts for the customer's needs. And sometimes there is a need of unconventional products that has not even been produced before. That's why CCT House not only supplies what we produce. Having different levels of quality/performance for better complying with the asked performance, helps our customer to do significant cost savings and get the right product for each application. With that said, we do not compromise with the product quality itself, all of our products are produced according to ISO9000/ISOTS16949 and comply with relevant standards. You can really trust that CCT House always deliver the right quality and performance level.

CCT House have the widest range of clamping and connecting products for almost all levels of demand. Products that fulfill the customers requirements with the right performance level and at the same time, save costs without risk of getting low quality.

Contact us, our team is ready to serve you.
